## LOGLINE

In the wild summer of Torrevieja, Chetia, a single mother of an unwanted son, fights to survive each day through dealings and illegal balcony betting. Everything changes when a tourist dies at one of her parties.

## DIRECTOR'S NOTE

I always have been drawn to the tacky, the flashy, and the women who are loud and vulgar. I'm fascinated by the existence of a vast industry that profits from the personal miseries of others, but what really intrigues me are the people who consume it and grow up with these figures as their role models. This film is a social portrait of a mother forced into motherhood by her surroundings.

## DIRECTOR

Adriana Arratia Cabaña is a director with a unique artistic vision and a passion for telling stories of social hyperrealism, with experience in directing independent projects and short films, such as *Death in Torrevieja* (2022) and *Kinkilleras 08034* (2024). She has a particular interest in the *quinqui* genre, native to Spain.

## PRODUCERS

Jordi Llorca and Araceli Isaac have produced titles such as *La Casa* (2024) by Álex Montoya, multi-award-winning dramedy, loved by audiences and press, and *While you're still you* (2023) by Claudia Pinto, which won both the Goya and Gaudí Award in 2024.
